8 November 1976

STAT

MEMORANDUM FOR: [REDACTED]

SUBJECT : Initiation of Exclusive Use of SI Units  
of Measure in Lieu of Dual Reporting

1. I remind you of our agreement [REDACTED] to STAT  
transfer to exclusive use of SI units of measure in  
intelligence reporting on 20 November 1976. We may  
expect that reports in process at that time may  
subsequently appear in a dual format.

2. If for any reason there are second thoughts  
about this conversion, please notify me soonest so that  
the metric coordinators as a group can consider them.  
I have been impressed both with the ease of our transition  
to metric units of measure in our reporting and with the  
negligible (and manageable) number of requests for  
temporary exception to the system. You have every  
reason to be pleased with the Agency's performance.
